"EUROTOUR 84" MEMBERS

RETURNED HOME SATURDAY

The fifteen students and nine adult members of "Eurotour 84" returned to Bethel at midnight Saturday night, tired, but filled with tales of adventure. The group had left Telstar Regional High School on Thursday afternoon, April 12, and in ten very full days they visited Shannon, Ireland; London, Canterbury, and Dover, England; Calais, Paris and Versailles, France; Madrid and Toledo, Spain; Lisbon, Portugal; New York City; and Boston. During the trip they travelled on airplanes, subways, double-decker buses, a ferry, tour buses, a train, taxis, and a river cruise boat. Residents of Bethel, West Bethel, Newry, Andover, Greenwood and Woodstock will undoubtedly hear exciting stories for months to come as trip participants from their towns recount tales of travels, visits to cathedrals, watching the changing of the guard at Buckingham Palace, shopping adventures, tours of exotic cities, life in European hotels, experiments with strange foods, learning to exchange currency at national borders, cute European boys/girls, visits to Pleadilly Circus at night, experiences at a London discotheque, and much, much more.

It was a wonderful trip, and everyone who went wishes to thank

Directors' Meeting

The S. A. D. 44 Board of Directors met in regular session on Monday evening of this week in the Telstar Library.

Wendy Driscoll and Jolene Shimamura of the Bethel Bisbee School staff spoke to the Directors in support of the Developmental Kindergarten class proposed for Bethel Bisbee School in the 1984-85 school year. This program is designed to prevent school failure by identifying the developmental level and learning style of four, five and six year old children. A Transition First Grade was begun at EBS during the current year to meet these same needs. It has been shown in other districts that there is a significant advantage to identifying these children a year earlier and meeting their need through a program such as Developmental Kindergarten. It is assumed that the Transition Class will be phased out after next year.

Eugene Kelly of Bethel was appointed as temporary Buildings and Grounds Supervisor. The temporary appointment will terminate no later than June 4, 1984.

The Board approved the appointment of the following teachers for the 1984-85 school year: Judy Coolidge of Bethel, Grade Two, Crescent Park School; Donna Lumney of Bethel, Social Studies, continued on Page Four

Greenwood City

— Mrs. Callista Morgan, Corres. —

Sometimes I have thought that April is painful. The lifelessness of March is still with us. Without the snow the fields are dead, dead seas, lying becalmed, colorless and defeated. But after seeing the rising sun this Easter morning and a walk down the road, I felt those thoughts sliding away and my joy restored by the incredible fragility of the morning.

The waters under the earth and upon it were unsealing, flowing from the new green of moss down the ledges in the sun and gathering in little pools.

Crows passed between the spring sky and the tree tops.

From our chimney top the smoke rose and mingled with the sky.

At this time the wind walked upon the hills.

I listened to note the sounds. Last evening, the first peeper. . . I love him. . . sounded his trembling, thin, watery note. The particular patch of water from which he sounded was lucid as a crystal goblet.

There were culverts heaved by the frost and water chided about my feet, making another and smaller sound, as it found its way, down hill, where it tinkled in tiny cascades falling with incessant flow into a pool joining some new and unfamiliar brook.

I stopped to "speak" to the ledges, and sudden pastures, lifted and bubble-bubbled by frost. "Who shall convince you that winter is over and done?"

Even the oak leaves of last fall and dead grass showed panic before the wind which was neither high nor keen, just blustery.

There was still ice at the lower edge of Big Pond, floating like a broken skum of milk on a pail.

Spring was full of melancholy here but showed promise.

A song sparrow filled the space with live vibrations; it was all his. The roar and rush of the falls and of Sanborn River broke upon my ears, as they made long hastening ripples down or over rocks past their banks, quickening into new country.

Maples bordered the waters and hills, bursting into flame at their tips; redder beneath the long awaited sun. It dropped its brilliance down the valley, and brought out the tinge of green on the meadow, the blue of the hills, and the earth color of the rocks.

"Above me the topmost twigs of the trees whispered, "Spring, spring." Birds vied with each other as they sang a duet high in the blue air.

Yes, April, Easter Day, out here in the open and again in church was more lovely than I first thought.

And May, so blue, so golden, so

Rotary Club News

The Bethel Rotary Club held its regular weekly luncheon meeting at the Sudbury Inn on April 24. The program chairman for this meeting was Rodie Gilnes and his guest speaker was Paul Hahn, incoming District 779 Governor, 1983-87. He is a member of the Bath Rotary Club. The talk was titled, "Don't throw money away on non-profit organizations." Mr. Hahn gave many interesting facts and figures about the movement of donated funds. The distribution and control of these funds is not always well managed, and in fact are often fraudulent.

Guests and visiting Rotarians joining with the Bethel club on Tuesday were: Arthur Thurston, Steve Morrison, Donald Kilgore, Raymond Gross, Frank Davis, Joseph Lamb, Herb Sheriff and Lincoln McRae, all members of the Rockland (Maine) Rotary Club.

Two spokesmen for the Rockland Club, Herb Sheriff and Lincoln McRae, were asked to talk about their Club's visitation program. For the past eight years a large group of their members have traveled throughout Canada and New England visiting other Rotary Clubs. Next week's program will be Club Assembly.

Upton
— Mrs. Arline Bernier, Corres. —
Frank and Phyllis Tucker spent a week end recently in their home here.

We had a beautiful Spring day Monday. Usually these are prevalent in May, but this one arrived early and I heard no objections.

There are usually humorous aspects about tragedies—even wars. Even the recent events in Colebrook including the Bank theft where the robber asked for the money the teller was saying. At first, she thought he was teasing, but he grabbed the money, she snatched it back. He reached in and took it again and started out the "in" door. Another teller unaware of what had happened told him to use the other door. He thanked her and left but by this time the second teller became aware of the situation and both went out yelling. A cruiser was passing by, the officer made a U turn on Main Street and caught the man a mile or so out of town.

However, there is one type of crime in which there is absolutely no humor. This is child stealing and it is no longer in the big cities folks. It is here. There have been attempts in Berlin, Milan, Gorham and Littleton, N. H. The kid stealers do hideous, unspeakably horrible things to the children and sometimes torture them to death—or discard them after they have finished using them in this sickening way, tossing them from windows far above the streets, or in other ways murdering them.

I suggest such things as a special way to set off an alarm perhaps from the fire station, to have all the radios by pre-agreement broadcast what and where an attempt has taken place. Volunteers everywhere trained to report to whomever is assigned to them, so that everything possible can be done smoothly and quickly to prevent or reverse any success of this crime.

Of course, this would offer a prankster an opportunity to mischief and someone might innocently and honestly set off an alarm. Innocent people may be hurt by being treated as a suspect when they have no intent of doing any more than being friendly, but it will be worth a lot of annoyance and problems, if it saves one precious life.

If I had a child I would never let him out the door without fervent prayer to Jesus for his protection. If I had a back yard I'd consider a high fence, also try to work for more surveillance in and around schools or at least check for what there is. It might help to educate the children more, incorporate more of a buddy system. It is very difficult to know how far to go in instilling fear and not teaching indifference and friendliness to the children, but certainly

B.E.A.R.S.

(Bethel Emergency Ambulance & Rescue Service)

Refresher class is Sunday, April 29. One session at 2 o'clock and one at 6 o'clock at the Bus Garage.

Practice for those getting ready for State exams will be on Monday night, April 30, at the Bus Garage at 7 o'clock.

Safety Tip
Beware of bicycles being on the roads now that the snow is gone. Not all bicyclists are paying attention to what is happening or to where they are going. Younger children may come out from between parked cars.

All people that are riding their bicycles should be aware that they are supposed to follow the same rules of the road as they would when driving a motor vehicle, like the same side of the road, stopping at stop signs, yielding right of way, etc.

If anyone is involved in an accident with a bicyclist do not move them until injuries have been checked. Police should be called and if injury warrants the ambulance should be called.

If you are not sure of the extent of the injury, call the ambulance anyway.

Something needs to be done as an individual or family fashion as well as a group or town effort. And now folks Berlin, Milan, Gorham are much too close to Bethel and other nearby towns. One man recently attempted to grab a two year old from her front yard in Littleton, N. H., and there have been a series of attempts indicating it will continue, not just a passing-through happening.

Timberlake and Electrical Inspector Blake MacKay to discuss basic considerations needed to support Cole Block interior renovations currently being planned. Describing the dictates of the electrical code, Mr. MacKay outlined the requirements for underground service cable entries into the building, interior mounted meters and potential positions for distribution panels. After reviewing the status of the building's sewer and waste lines with Mr. Timberlake, the Committee agreed that major upgrading from the street sewer connection throughout the system would be needed to support any planned renovation safely and in accordance with the State plumbing code. Facilities Committee Spokesman Rollie Glines will discuss these problems and needs with artisans to work up renovation cost estimates. The Manager reported that contact had been made with Dennis Wheeler who had started last year priming the building's Maine Street facade to continue work as soon as the weather permits.

The Selectmen's budget workshop meeting scheduled for Tuesday evening, April 24, was postponed until Monday, April 30, at 7 p. m. in the Town Office Meeting Room. A schedule conflict forced the change. Other items on the agenda are to consider a report from the Airport Development

Proceeds from the fund will be used to sponsor an annual lecture in "Ethics in Medical Decision Making" to be held at UMass Medical School in Worcester, Mass. FROM THE BETHEL AREA HEALTH CENTER

As the vacation season approaches and travel increases the Bethel Area Health Center is encouraging all members of families to wear seat belts every time that you are in a car or truck. Safety experts say that failure to wear seat belts and drunken driving are the main reasons why 50,000 Americans died each year in traffic accidents.

If you have an infant, place the baby in an approved infant carrier in the middle of the back seat facing the rear of the car. This will help protect the baby from being thrown in the event of an accident. Small children also should be placed in the back seat wearing seat belts, even if you're only going a short distance.

Here are some facts and fallacies why people say they don't wear seat belts:

—Fallacy: It's not necessary to use seat belts for short distances.

—Fact: That fact is, most accidents happen 25 miles or less from the home.

—Fallacy: It would be difficult to get out of the car if it caught fire or is submerged in water.

—Fact: Statistics show that only 5% of car accidents involve fire or water.

It is estimated that 14,000 - 18,000 lives could be saved each year if all passengers wore seat belts at all times.

So, please next time you and your family are in a car, buckle up and help save your lives and those of others!

ing the grand total of expenditures by the Legion and its affiliates since 1928 to \$479,387,062.

The 1984 theme of the Legion's Children and Youth Program is "America's Children and the Legion". The American Legion since 1920 has looked on the children of this nation as their children.

For the past 60 years, the Legion has addressed many issues and has been instrumental in affecting change in many areas of benefit to the nation's young people. The three major areas of concern to which the American Legion is focussing its attention on a national basis: Infant Hearing Assessments, Missing Children and Teenage Suicide Prevention.

Locally, The American Legion and American Legion Auxiliary have made meaningful contributions to the well-being of the children and youth of the community through projects and contributions in local programs.

LEARNING CENTER NURSERY VISITS FREIDEN DORF

Children from The Learning Center in Bethel and their teacher, Kay Chadbourne, took a field trip to the Frieden Dorf Pottery Studio in Bryant Pond Monday, April 23, to learn about creating pottery and to work on their own individual projects.

Fay Corrin, owner of the studio, provided the children with clay several weeks ago. They created bowls, baskets, mice, nests with eggs and spaceships, which were fired in the kiln to prepare them for glazing. At the studio the students painted their pottery with glazes in preparation for a second firing.

Showing the children around the studio and assisting them with their projects were Barbara Smith and Jill Podell, apprentices from Frieden Dorf. The wide-eyed youngsters watched as a candle cup and serving bowls were "thrown" on the pottery wheel, laughing enthusiastically as shaping took place.

Following the tour, TLC students shared hot cross buns they had made with the studio staff on the lawn. Participants were, Terri Chadbourne, Alex Gillies, B. J. Otten, Mark Tripp, and Amy Wilson.

their bureau awaiting the time to parade. Lizzie likes company and gets lonely. She has trouble with one leg which hurts for her to walk much. She was 96 years old in March and she is still knitting mittens. She told me yesterday that she started knitting at seven years of age. There were two pair of mittens she showed me she had just finished and they were sold already. I told her to keep knitting, it takes up your mind and a busy person hasn't time to be lonesome. I hope some of Lizzie's friends will drop in occasionally and give her pleasure. She appreciates it.

The 13th fooled us this April. It was some cloudy day but this has been a wet week so far and no promise of much else. We hope this water will keep enough moisture in the soil to grow a fine garden.

— Evelline B. Vatcher, Corres. —

We had a heavy thunder shower Tuesday afternoon and in several places the hail danced on the lawns. Evelline had just entered the house so she missed a good drenching.

Mrs. Barbara Gallant, Bethel, was at Evelline Vatcher's and Doris Lawrence's on Tuesday for hair-dos.

Several huge culverts were laid this past week. One at Fred Oja's land required one and a half days to lay. The old store is flat and disposed of. The dust and sand fly and at times the noise is very tiresome, then we take a ride.

What has happened to Clarice Gibson who used to visit the Northwest Bethel news items? Is she sick, retired or wintering in Florida? We miss her column and hope she returns soon.

We had a beautiful Easter Sunday with a bit of a breeze. Hope everyone had a nice day.

The Community Club supper was a banquet even if the weather was cold and snowflakes were playing around. Two people came at 5:30 p. m. and we were all sold out. We saw several new people and hope they join us again. The floor will be sanded this week and our next supper. We are grateful to all who cook for the supper and to the people who patronize us. We enjoy the get-togethers.

Mr. and Mrs. Joe Reidy, Tyngsboro, Mass., and her daughter, Laura, and family, spent the week end at the Reids' trailer and attended the club supper. The grandchildren love it here in North Paris.

Caller at Lawrences: Charlie Coffin, Karen and James Edgar, Ron Ross, Barbara Gallant, Ruby Coffin, Mr. and Mrs. Norman Abbott, Jo-anne, Maxine Lovejoy, Mr. and Mrs. Joe Vatcher.

Little Crystal Russell, daughter of James and Betty Russell, has been sick with a cold and infected ears and is a bit better at this writing.

Mr. and Mrs. Joe Vatcher met his niece, Karen Bondeson and husband, Allan in New Hampshire on Easter Sunday where they had dinner at a restaurant in honor of the Bondeson's wedding anniversary. Mr. and Mrs. Ellsworth Lawrence went with them. It was good to get out on such a lovely day, and they had a lovely time.

Don't forget to set the clocks ahead one hour on April 29. The youngsters won't want to go to bed early and get up a whole hour earlier, but they will get accustomed to it, I hope.

The floor at the Community Hall will be sanded this week and hopefully it will be warm enough for the floor to be painted. Help is scarce but somehow it will get done.

Mr. and Mrs. Earl Newton and son and Mrs. Lena Kangas were guests of Mr. and Mrs. Harlan Abbott on Easter Sunday.

The smelting season is on again and Joe Vatcher and Sayward Lamb came home with their limit. Evelline's brother, Jim Coffin at

Scott Wight, Brunswick, and Thomas Wight, Stowe, Mass., were guests of their parents, Mr. and Mrs. Owen Wight, during the week end.

June Swan, Michelle Straight, Olive Anderson, Betsy Clark, Sylvia Wight and Gilberte Seeley were in Rumford, bowling, Wednesday. Sylvia Wight was high scorer with 104.

Mr. and Mrs. John Wight entertained Mr. and Mrs. Scott Barry, Jason and Mandy, Henry Lane Newry, Mr. and Mrs. Michel Wight and Katie, Mr. and Mrs. Bradley Wight, Bethel, and Mr. and Mrs. Jeff Littlehale, Danielle and Staci, Bryant Pond, at Easter dinner, Sunday.

Mr. and Mrs. Thomas Bartholomew were guests of honor at a party honoring their 40th wedding anniversary at the Bear River Grange Hall Saturday. The affair was planned by their children. About 100 attended. Mervin Rowland, who served as Best Man at the wedding was present and gave a toast. Brenda Wight and Terri Littlehale were in charge of the money tree. Jean Crowley made and decorated the cake.

Priscilla Buck, Augusta, Ga., visited her parents, Mr. and Mrs. Thomas Bartholomew last week. Mr. and Mrs. Bartholomew left Sunday morning to take her home. Dog owners who have not licensed their dogs should do so before April 30 to avoid the additional \$4 Dog Officer fee. Persons who licensed a dog last year, which they do not now have, should notify the Town Clerk.

Seven of the 25 Telstar Regional High School students and chaperones making the recent European trip were from Newry: Phil, Suzanne and Mary Taylor, Stephen, Eric and Kevin Wight and Paula Wight.

At a Special Town Meeting April 18, Hanover citizens approved an Interlocal Agreement for Septic Waste Disposal. This agreement had previously been accepted by Newry and Bethel. An application has been filed with the D. E. P. and notices have been sent to abutting landowners. If approved by the D.E.P., Franklin Harrington will operate a site near the Roberts' Property Farm for disposal of Septic Waste for the Towns of Newry and Hanover, with Bethel using the site on an emergency basis. The Towns of Newry and Hanover would pay Harrington an annual fee and individuals would pay a fixed amount per period for dumping. Pumpers would be licensed by the towns and would register at the office before dumping.

Michelle Straight, Barre, Vt., visited her grandparents, Mr. and Mrs. Lee Swan, last week.

Sent in by Viva Whitman:

What a lovely day for Easter after all the bad weather we have been having. Cold in the morning but warmed up so nicely and we sure had a most pleasant day.

Last Monday wasn't so good but Russell had to take his car to have the muffler fixed up and an inspection sticker put on. Got to do that on my car also before the end of the month and that will soon be here. I did a little painting, some baby sitting with Courtney and a little cleaning up after I got through painting in my room.

We have now got all the rooms in the mobile home painted and it is much lighter than it was. It has made a big difference in the tightness of the rooms and has sealed in formaldehyde at the same time, which is most important.

Peggy called that she was home from Florida and at her daughter's home in West Bethel; said she would see us either the next day or on the week end.

Misty Yates came to collect on the jump-a-thon that was held at school and Russell and I sponsored her in. It was for a worthy cause and good exercise for the children that participated. Also Carolyn Yates called in behalf of the Tri Town Ambulance Service, so it was a busy day.

We hadn't decided what color to paint the kitchen and as the rest of the mobile home was painted, we decided the earth beige would look good there as it did in the rest of the main part of the home so got that done on Tuesday. Was just finishing up when Peggy drove into the yard. It was good to see her after being gone all winter. She approved of what we had done in the mobile home and of course that pleased us.

Russell and I had an appointment in Lewiston on Wednesday and even though it wasn't a very good day weatherwise, we headed out. After the appointment, we went to my daughter's, Wynona Woolf's home and had lunch, played with the baby, and then shopped for a bit, also stopped at a paint store to see if we could match some other paint color that I was trying to find. Didn't find just what I wanted but it was the nearest that I had come to finding the right color so got some.

Have been having a bad cold the past week and was glad Thursday was the day to go to the doctors. Got medication to take and it has helped some though I still have a sore throat at times. It hates to leave me and I would just love to see it leave and the sooner the better.

Had expected to have our new tinoleum laid on Friday but was very disappointed when I found they weren't coming with it after saying they would. We have waited quite a while to have it laid and get the living room to look like one, once more. Also knew we were to have company on Easter Sunday and wanted the place looking better. Anyway it didn't get done and we hope they come on Monday as promised.

we had gotten in Lewiston and did. It doesn't match as well as I'd like, but doesn't look too bad at all on the cupboard. Had a couple of visitors in the afternoon. Ivy Bartlett and friend called and asked about Peggy as well as visiting with us. She was admiring my African violets and I gave her one of the pretty plants all blossomed.

Russell and I then went to West Paris to register my car and his trailer and then to Norway to do a little business. Hadn't been home long when Verna Swan of Bryant Pond called in for a minute to see how things were going for us.

Saturday was a miserable wintry day, cold and even snow flurries at times. A good time to stay inside and do odd jobs and let the cold wind blow if it wanted to and it sure did that. I had been wanting to re-pot some of my plants and decided that Saturday was a good day to do it. They look even better than before now that I've done the trimming on them that needed doing.

What a different day Sunday was! As I said in the beginning, it was a beautiful Easter Day. Only 27 degrees here this morning but warmed up nicely and was grand. Wynona and Mike with Courtney met Russell and I and we all went to Church together. I haven't been for a long time and enjoyed meeting some of my old friends. Mike, Nomi and baby came home with us and had a good Easter lunch then left fairly early as Wynona had a lot of typing to get done today.

Russell wanted to go to our niece's home where he had left his dahlia bulbs and called to see if they were home. As they were, we piled into the car and went up to get the bulbs and visit a few minutes. Hadn't been home long when Peggy, and Bernard and Myrna White of Auburn called. They were out joy riding and stopped in for a short while. We were just finishing supper when we had another caller. Our good friend, Charlotte Cole of Greenwood called and brought us a bag of apples. She is always doing something nice for someone. She is a nice friend to have.

It has been a busy day but a good one with folks stopping in to visit. We do enjoy having anyone call, no matter what time of day it is.

We have watched all our feathered friends this week and are seeing more and more, a sure sign that the weather should be warm-

ing up. Russell keeps the feeder full and keeps the birds coming. We also got a bird bath to put out for them, but I told Russell that if they tried to take a bath they would drown with all the water that fell the other day. Hope the bird bath will keep the birds coming this summer so we can still watch them, as it is such a pleasure. Hope you all had as good an Easter Sunday as we did and we'll all wish for more sunny days like this one was.

Signs of Spring:—The tree swallows came back on Monday.—The frogs are singing.—I saw a kiltdeer in the field.—I saw a boat that had just been built being painted to be ready for fishing.—There is talk of going smelting.

Hope the bird bath will keep the birds coming this summer so we can still watch them, as it is such a pleasure. Hope you all had as good an Easter Sunday as we did and we'll all wish for more sunny days like this one was.

ing up. Russell keeps the feeder full and keeps the birds coming. We also got a bird bath to put out for them, but I told Russell that if they tried to take a bath they would drown with all the water that fell the other day. Hope you all had as good an Easter Sunday as we did and we'll all wish for more sunny days like this one was.

THIS WEEK AT THE
MOSES MASON HOUSE

Christine Grover, who died recently, was a life member of the Bethel Historical Society. Mrs. Grover will long be remembered as the successor to the late Elva M. Bean as Secretary and for several years was one of those responsible for carrying on the work of the Society and establishing the Moses Mason House as its headquarters. Her secretary's records, now in the Society archives, will forever be a valuable source for those interested in researching its early years.

New member this week is Robin Lee, a member of the history department at Gould Academy. The latest contributor to the 1984 Endowment Campaign Fund is Paul McGuire of Bethel.

Society Director Stanley Howe recently attended a trustees meeting in Augusta of the Maine League of Historical Societies and Museums, where plans were formulated for the annual meeting of the organization to be held in Greenville aboard the recently restored Katahdin on Moosehead Lake in September.

The two portraits of Dr. Moses Mason by Chester Harding and Tolmand and other items relating to his life were recently returned to the Moses Mason House by the Federal Biographies Committee, sponsor of the statewide exhibit for the past year of "Maine Before Statehood" which featured exhibits at the York Institute, Bangor Historical Society, Bangor Bowdoin College Museum of Art, Brunswick; Payson Gallery, Westbrook College, Portland; Colby College Museum of Art, Waterville.

Brent Bachelder, a Telstar Regional High School student, spent last week (Career Week) at the Moses Mason House working on historical model building.

A century ago the "Oxford Advertiser" for April 11, 1894 was reporting that former student of Dr. Nathaniel True at Gould Academy and raised \$369.50 and "with that amount purchased a testimonial of regard, a copy of the celebrated Warwick vase, dug up at Adrian's villa at Tivoli and sent to England by Sir William Hamilton in 1774." It was described as being "six feet eleven inches in diameter, is of sculptured marble, adorned with elegant figures in high relief."
